

The IQF Meeting has grown out of the Irish traditional Quantum Field Theory Meeting by broadening its focus beyond QFT and mathematical physics to topics of theoretical physics that represent current research activities in Ireland including quantum information, condensed matter theory, cosmology and relativity.

The Dublin Institute for Advanced Studies is celebrating its 75<sup>th</sup> Anniversary in 2015

Viatcheslav Mukhanov

Max-Planck Medal Laureate &  
O'Raifeartaigh Speaker 2015

presents

«Quantum Universe»

May 27<sup>th</sup> @ 7:30pm  
Syngé Theatre (Arts Block)  
Trinity College Dublin  
Admission is free!

### Invited Speakers

Samson Abramsky (Oxford)  
Jørgen Ellegaard Andersen (Aarhus)  
Ruth Britto (TCD)  
Paul Fendley (Oxford)  
Matthias Gaberdiel (ETH Zurich)  
Marc Henneaux (Brussels)  
Viatcheslav Mukhanov (Munich)  
Costis Papageorgakis (Queen Mary)  
Miguel Paulos (CERN)  
Elli Pomoni (DESY)  
Claes Uggla (Karlstad)
