Bouguer Anomaly derived from:
International Gravity Standardisation Net 1971 value for DUNSINK
981374.92 mGal
International Gravity Formula 1980 at mean sea level
Surface Density 2670 kg/m³
Contour Interval 1 mGal • Gravity Reading

Scale of 1/2 Inch to 1 Mile = 1:126,720
5 0 5 10 Kilometres
2 1 0 2 4 6 8 Miles
Contouring by Thomas Murphy; Drawing by Peter Murphy.
Base map reproduced by permission of the Director, Ordnance Survey,
Phoenix Park, Dublin.
Published by the Dublin Institute for Advanced Studies, 10 Burlington Road,
Dublin 4.
